Serial No.: 09/685,610

Group Art No.: 3761

Filed: October 11, 2000

For: METHOD FOR ATTACHING MECHANICAL FASTENERS TO ABSORBENT ARTICLES AND THE RESULTING ABSORBENT ARTICLES

**REQUEST FOR REFUND TO DEPOSIT ACCOUNT UNDER 37 CFR § 1.26**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicant hereby petitions the Commissioner of Patents and Trademarks to credit a refund to Deposit Account No. 50-0206 for an improper charge which seems to have occurred in the processing of a Continuation Application. The Continuation Application based on the above-identified patent application was filed on June 14, 2004. From our records, it appears that the Deposit Account was improperly charged for a Request For Continued Examination for the same patent application.

On June 14, 2004, Applicant filed a petition for a 5-month Extension of Time for Application No. 09/685,610, and simultaneously filed a Continuation Application based on Application No. 09/685,610 (later assigned Serial No. 10/865,962). A check (Check Number 8033107) in the amount of \$2010.00 was submitted with the petition for payment of the 5-Month Extension of Time. A second check (Check Number 8033108)

in the amount of \$770.00 was submitted with the Continuation Application for payment of the filing fee for the Continuing Application. A copy of each of the respective stamped post cards and check stubs are attached.

Also attached is a copy of the monthly Deposit Account Statement for Deposit Account No. 50-0206. As shown in the Statement, on August 5, 2004, a charge of \$770.00 for a Request for Continued Examination was applied under Sequence No. 3 and Fee Code 1801 for Application No. 09/685,610. However, the Applicant did not file a Request for Continued Examination for Application No. 09/685,610.

In view of the foregoing, Applicant respectfully submits that the Deposit Account charge of \$770.00 is improper, and respectfully requests a refund in the amount of \$770.00 to be credited to Deposit Account No. 50-0206.

Should any comments, questions, or suggestions arise in connection with the processing of this request, the person processing this request is encouraged to contact the undersigned at the telephone number listed below.

Respectfully submitted,

**Title 37, Code of Federal Regulations, 5.11 & 5.15****GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
